

MAIN PRODUCTS

◆JOHNSON MATTHEY- GAS PURIFICATION

Purify of Industrial Gases
Hydrogen Purifier High Purity(99.999%)
Purifier for Various Inert Gases

◆CHA Industrial - Evaporation & Sputtering Systems

-R&D
-Optical Coating
-Roll Coating
-Combination materials

◆GAVISH Sapphire Products
Sapphire Processing Parts
(for a manufacturing equipment
(Semiconductor, LCD, OEL etc))

**Wafer Process Equipment
Expendable Parts and Regular
Replacement Parts for Wafer Process
Equipment**

**Post-Process Parts for Trimming, Dicing,
Cleaning, Bonding, Packaging and
Marking.**

**Equipment for wafer Inspection, Inspection
IC / LSI testing, Testing,**

**Components for manufacturing
gases&liquids**

**Clean Room allied products and various
parts for maintenance**

**Various types of single / poly crystal large
hole wafer**

**Brokering and Selling used parts and used
components**

**Eching, CVD, Sputter, Inspection, various
types of Generator,
DC supply, CPU, Monitor, Pump and
Components for Controller.**
